**The morning after it was discovered**

**BED BUGS**—the most disgusting of all insects!  
Get rid of them with Flit.

Flit spray destroys bed bugs, roaches and ants. It searches out the cracks and crevices where they hide and breed, and destroys insects and their eggs.

**Kills All Household Insects**

Flit spray also clears your home in a few minutes of disease-bearing flies and mosquitoes. It is clean, safe and easy to use. Spray Flit on your garments. Flit kills moths and their larvae which eat holes. Extensive tests showed that Flit spray did not stain the most delicate fabrics.

Flit is the result of exhaustive research by expert entomologists and chemists. It is harmless to mankind. Flit has replaced the old methods because it kills all the insects—and does it quickly. Get a Flit can and sprayer today.

**BOY SCOUT COLUMN**

1st Kelowna Troop  
Troop First! Self Last!

Edited by "Pioneer"

June 29th, 1926.  
Orders for week ending 8th July, 1926.

Duties: Orderly Patrol for week, Cougars; next for duty, Wolves.

All readers of this Column are reminded of the annual Cub Display, which will be held in the Scout Hall on Friday and Saturday of this week, and we trust that the public will turn out in as goodly numbers as they did for our recent Entertainment.

At the moment of writing, the number of Scouts who have not yet made any return on the sale of tickets has dwindled down to five, and three are still incomplete.

The Otters are the only Patrol from whom we have a complete report as to their attendance at the forthcoming Camp, and six out of their strength of seven are going to attend. If the other Patrols do likewise in the same proportion, the attendance will be exceptionally high. We trust that parents will do everything possible to assist in the attendance of their Scouts as, if they have real sympathy towards our objectives, that is one of the best possible ways of showing it.

The following letter has just been received from the Provincial Secretary, and any Scouters readers of this Column or old Scouts or other men interested who may possibly be able to attend one or either of these Camps are requested to get at once into touch with the District Commissioner:—

"1.—I wish to again remind you, and all in your District that a CUBMASTERS' TRAINING COURSE is to be held at "Camp Byng," near Vancouver, from August 22nd to 28th next. A thoroughly enjoyable and beneficial time is assured, and it is sincerely hoped that some representative or representatives will be present from the North Okanagan. (I am advised that a C.M. from Penticton will probably attend.)

"2.—If a sufficient number—not less than 12—of S.M.s, A.S.M.s and other men interested in our association, can be gathered together for a period of ten days at some central camp site in the Okanagan, we are prepared to conduct a recognized SCOUTMASTERS' TRAINING COURSE, as per enclosed pamphlet. The Camp would have to commence not later than August 21.

"A Registration Fee of \$5.00 would be expected from each man attending, as his portion of the expenses of the Camp.

"At your earliest convenience, will you please advise me whether you consider such a Camp is possible this year? If your reply is in the affirmative, kindly state how many could attend from your District, and also suggest a suitable camp site."

The Band are holding a garden party at the home of Mr. R. F. Morrison on Harvey Avenue at eight o'clock on Thursday evening, the 8th inst., and have asked us to put on a turn or two for the entertainment of the guests. We propose to have a few humorous relay races, etc., and all Scouts who would like to attend and take part are requested, to at once notify the Scoutmaster.

The Scoutmaster would also like to hear from any small Scouts or Cubs who would like to act as ball boys at the forthcoming Lawn Tennis Tournament for the Interior championships during the week of the 19th to the 26th of July.

Mr. F. A. Dobbin left on Monday for Kelowna, where she has gone to visit her friend, Mrs. Charles Perrin.

Dr. and Mrs. Upton and children, of Calgary, are spending vacation with Mr. and Mrs. David Gellatly.

Mrs. D. Smith and daughter have removed to Kelowna for the summer to be near Mr. Smith, who is working at Cross's camp.

Miss Alma Smith has returned home for the holidays from her school at Grinrod.

The Guides gave a dance at the home of Mrs. Pritchard on Friday night. About forty were present and spent a jolly evening, though it was too hot to dance much.

Miss Winnifred McIntosh left for Wardner on Wednesday to visit her sister, Mrs. August Daye.

Mr. G. McIntosh left on Wednesday for Vancouver, where he is going to make a new home for his family. Mr. McIntosh will be greatly missed as during his seven years' residence in Westbank he made many friends. He worked for the irrigation district for about four years and during the past year he held the position of Secretary-Treasurer to the Co-operative Growers' Association and Irrigation District combined.

The school break-up took place on Saturday. It was poorly attended. Other years the room has been crowded, which is better to see, as it shows an interest in the pupils and school. Among the prize winners were: Charlotte Brown, for good work; Hilda Basham, for good conduct; Jacqueline Paynter, Jack Drought and Dorothy Drought, for nature books; Daisy Browne, honour roll for good work; Doris Paynter, honour roll for punctuality and regularity, also Mr. Gore's prize for general proficiency; Frank Browne, for best work in the upper public room. The class places were not given, as they usually are. Afterwards the children had a picnic on the shore.

**THE TWO WORST SOLDIERS IN THE WORLD**

Laughter, not slaughter, is the ruling theme of "Behind the Front," Paramount's contribution to the story of the Great War, which comes to the Empress Theatre on Monday and Tuesday, July 5th and 6th. It is a comedy that features the humour, adventures and disillusionment of "the two worst soldiers in the world," played by that inimitable character team, Wallace Beery and Raymond Hatton. Their roles are taken from life, for every unit had two such characters, who served to furnish laughs for their buddies and plenty of mixups and trouble for their superiors.

The story is a true-to-life comedy rather than a burlesque on the war, and was made technically correct under the constant supervision of military men who saw active service at the front. More than four hundred veterans of the great conflict were engaged to "do their stuff" as they did it in the mud of the front line trenches, and views of No Man's Land, with shells bursting round the shell-hole where the "two worst soldiers" have taken refuge, give the proper atmosphere.

Of course there is the inevitable girl, with whom the two heroes are madly in love, a part played by beautiful Mary Brian, who appears as a Red Cross worker, and there is a sufficient modicum of romance to throw balance into a plot that otherwise might carry the farcical element to extremes.

**GIRL GUIDE NOTES**

The great day of the year has arrived; we are off to camp this morning! The Guides from the K.L.O. will be joining us, so there will be nearly forty of us in camp this time. Capt. Miss P. Teague and Lieut. Mrs. Fitzgerald are in charge, with Mrs. Ivens as cook, so we should have a most glorious holiday.

The supply car will go out each evening and any parcels for the Guides or donations in kind for the camp can be left by six o'clock at Mrs. Geo. Brown's, Richter Street.

**BROWNIE NOTES**

The Brownies are invited to the Girl Guide camp on Tuesday, July 6th, starting from Scout Hall, 9.30 a.m. punctually.

"What side are you taking in the election?" one of the oldest inhabitants was asked.

"Well," he said, "there doesn't seem to be much of a choice between the men, but just as soon as I make up my mind, you can be sure of this—I'm going to be bitter!"

**GOOD PROGRAMME FOR BAND SOCIAL**

Music lovers will look forward to another treat when the Orchard City Band present their second annual garden social on Mr. and Mrs. R. F. Morrison's lawn on Thursday, July 8th, at 8 p.m. The programme will include selections by the band, the junior band will also perform to demonstrate what they are doing, and the following artists have expressed their willingness to assist the cause: Mrs. J. H. Trenwith, soprano; Miss Isobel Murray, violin; Miss Jean Morrison, piano; Masters B. and W. Gaddes in a skit; the Scouts will stage a show; and Messrs. T. G. Griffith, G. S. McKenzie and E. O. MacGinnis. There will be dancing on the lawn to music by the band.

**JULY NUMBER OF "ROD AND GUN"**

Published for the first time, the official photographs and account of the Canadian Government Arctic expedition of 1925 will interest readers of "Rod and Gun." The story of the trip to the ice fields with its three full pages of unusual photographs is only one of the interesting features of the July issue of "Rod and Gun," just published. "Bourmont to Maniwaki" is a yarn of a canoe trip in the wilds of Quebec, well told by J. Jenkins, while William E. Dakin has some good wrinkles for trappers.

Bonnycastle Dale this month tells something of the "Exquisitely Furred Destroyers," namely the mink and the weasel. Fishing Notes has an interesting line-up for the anglers this month and Fishing Regulations for the current year are included in the issue. Outdoor Talk and Guns and Ammunition with Kennel and J. W. Winslow's article on the owl are of the usual high standard.

Editorially, "Rod and Gun" takes issue with Senator Belcourt's proposed bill to further restrict the sale of firearms. The magazine raises the contention that the bill is not in the interests of Canadian sportsmen and announces its intention of fighting the proposed legislation on that ground.

"Rod and Gun" is published monthly by W. J. Taylor Limited, Woodstock, Ontario.

**MUST PAY FOR PAPER**

In giving judgment against a delinquent subscriber recently, Judge O'Reilly, of Cornwall, Ontario, made the statement that newspaper publishers had a hard enough time in financing the business without being done out of their subscriptions.

If a person desires to stop a newspaper the proper way is for him to pay all arrears and get a receipt, or if he has paid, refuse to take the paper at the post office and have a record made of his refusal. A man who owed for a newspaper could not stop taking it and expect the publisher to go without his pay.

It may be added that no publisher wishes to force his newspaper on anyone and any subscriber desiring to dis-

A case of interest to garage owners was heard at the Burnaby Police Court last week, when a local operator of a garage business was fined \$1 and costs for having in his possession for sale an automobile on which the current year's licence had not been secured and for which the defendant had taken out no demonstration licence. It was explained in court that a car bearing the current year's licence may be sold by any person, but that in the event of that licence expiring the owner or agent must be in possession of a demonstration licence before a legal sale can be effected.

## RUTLAND

The Ladies' Aid of the United Church held a successful lawn social at the parsonage on Friday evening. The weather was very warm, and for the heat of the afternoon, various put down from 95 to 100 in the shade (it all depended on where you were, of course) had become tempered by the evening breeze which made things comfortable for the crowd. Ice cream, cake and candies were sold by the ladies and a programme of songs was rendered by Mesdames R. W. Corner, J. Morrison and E. Muford, and Mr. Walker Anderson. The Rev. A. McMillan made a genial chairman, and the party was addressed by Revs. Mr. Wilan of Vernon and Dr. Jackson, who is acting as pastor of the Kelowna United Church until the arrival in August of the new minister.

After an absence of several months on the prairie, Mr. D. McKinnon has come to the conclusion that Rutland is not such a bad place to live in after all and has come back to stay. He was accompanied by Mr. Graves, of Manitoba, who also contemplates living here.

The school children started on their holidays on Friday. The departmental exams are over, and those who wrote them will have to wait until the end of July to find out how much they did and did not know. The general opinion among the students seems to be that the papers were fairly easy, and if the blue pencil is not used too freely there should be a good percentage of passes at Rutland School.

The promotion list is as follows:—  
Division I, Grade 8:—Miss M. Chapman. Honour Rolls:—Department: James Chaston. Regularity and Punctuality: Ruth McClure.

Division IV:—Miss E. Wilson. Honour Rolls:—Proficiency: Betty Duncan. Department: Kermit Eutin. Regularity and Punctuality: Cheoka Shishido.

Grade 2 to Grade 3: Caroline Bach, Irene Bush, Betty Duncan, Kermit Eutin, Conrad Fisher, Catherine Mack, Annie Schneider, Annie Marie Schneider, Maurice Soames, Shigeo Kuraoka, Shataro Yamaoka.

Grade 2b to Grade 2a: Myrtle Hawkey, Ida Mayer, Cheoka Shishido, Paul Schneider, Winnie Smith, Miyo Tamag.

Grade 2 to Grade 2b: Elwyn Cross, Peter Dillman, Glorin Eutin, Dennis Reid, Helen Urquhart.

The annual school meeting is to be held on Saturday, July 10th, at the school, this being the second Saturday in July, which is the date set for same by the Education Act. We understand that certain developments have taken place in connection with the school routine and these and other matters will doubtless be discussed. We give this advance notice because in the past a number of ratepayers have claimed that they did not know when and where the meeting was to be held. Efforts have been made to have the hour of meeting, which is 7.00 p.m., changed, but with no success, the education authorities insisting on this early hour being retained.

#### WATER NOTICE

##### Use and Storage

TAKE NOTICE that the Great Ranch, Limited, whose address is Peachland, B.C., will apply for a licence to take and use 100 acre-feet and to store 100 acre-feet of water out of Brenda Lake, which flows south and drains into Brenda Creek at headwaters of same.

The storage-dam will be located at the outlet of Brenda Lake. The capacity of the reservoir to be created is about 100 acre-feet, and it will flood about 50 acres of land. The water will be diverted from the stream at a point about 2,500 feet below the outlet of the lake, by ditch into Peachland Creek, and will be used for irrigation purpose upon the lands described as District Lots 3316 and 2537, Osoyoos Division of Yale District.

This notice was posted on the ground on the 10th day of June, 1926.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorders at Vernon and Merritt.

Objections to the application may be filed with the said Water Recorders with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is June 17, 1926.

THE GREAT RANCH, LIMITED.  
Applicant.  
By F. W. GROVES, Agent.

## EAST KELOWNA

However, much the hot weather may worry the irrigators, it merely helped the children at the school picnic to enjoy themselves the more. They spent the whole day last Friday, at Okanagan Mission, most of the time in the water, occasionally coming out on shore for an ice cream or more substantial refreshments, only to dash in again almost immediately. It was so hot the usual sports programme had to be curtailed a little and take place after supper. Thanks are due to the ladies and gentlemen who so kindly helped with the refreshments, transportation, etc. Hearty cheers for the Trustees and for our dearly loved popular teachers, Mr. A. P. Smith and Mrs. Moore, were given before the tired children dispersed for home.

That very catching germ trade-it-in-for-a-new-one-itis is very virulent just now on the Benches, and no less than five of our residents have succumbed to it.

On Thursday last, General Harman met members of the K.G.E. at the Schoolhouse and discussed fruit problems with them. Owing to insufficient notice and cherry picking, the attendance was small.

The first topic taken up was the proposed visit of Mr. Lewis Duncan. The Glenmore resolution dealing with this was endorsed.

The General then took up the question of fruit inspection. He stated that in 1924 the Co-operative paid \$5 a car for inspection. Last year the Independents adopted this, but we gave it up and a very confused system ensued, the foreman, the Government inspector and the Central inspector all at large, regarding in the packing-house. He advocated a return to one inspection alone, a government inspection in the car, to be compulsory for all shippers.

On the complaint of Capt. Graham, the President promised that the boxes would be better made. Touching this question, he did not approve of the grower being given shock and making his own boxes.

The meeting thought Jonathans should be picked a fortnight earlier than last year.

As to advance payments, Gen. Harman advocated growers being paid 50 per cent of the returns on the 15th of the month following delivery of the fruit. He thought Central could easily finance this.

The President urged the elimination of culls which slowed up the packing. He thought the penalty of three cents a box too low.

Coloured paper for different grades had been thought of but it was too late to adopt the idea this year.

Oiled wraps were too expensive for general use; they cost 4 cents a box and should only be used where necessary, say for McIntosh intended to be put on the market very late in March, etc.

Gloves would be used by packers this year. Their use would result in a lot of the arsenate of lead being wiped off.

The President hoped some inspection of crates should be made compulsory; the B.C.F.G.A. were working on this. At least a minimum size, say 188, should be laid down.

Several other topics were discussed, after which a vote of thanks to the President for coming to the meeting and an expression of regret that the attendance was so small closed the proceedings.

The S.E.K.I.D. reservoir is holding out well. It stands today (Monday) at 16.5 feet. In view of the excessively hot weather (100 degrees on Friday last) some people would like to see the present supply—one half of the normal—increased a little but the Trustees decided to take no action as yet. While one can see here and there a dry looking tree, on the whole the orchards are looking very well.

#### A BIG LAUGH FOR THE HOLIDAY

"Madam Behave" Is Guaranteed To Remove The Deepest Blues

As the special titbit for Dominion Day, July 1st, the Empress Theatre is providing "Madam Behave" for those who enjoy a hearty laugh. That it is screamingly funny can be vouched for by the fact that it has been produced by Al Christie, who put "Charley's Aunt" on the screen after it had convulsed audiences as a stage play for thirty-four years and scored a tremendous success with it, in fact, many say that the picture is much funnier than the original comedy.

"Madam Behave" is hailed by critics as a worthy cousin to "Charley's Aunt." It is a French farce, by Jean Arlette, in which Julian Eltinge, most famous of female impersonators, romps through the plot as a buxom and most desirable lady, besieged and ardently wooed by two aged suitors, while Eltinge himself is continually foiled in his pursuit of Ann Pennington, who fills the leading female role. Nevertheless, he wins her in the end, and how he does so makes a delightful story.

#### CHURCH NOTICES

UNITED CHURCH. Public Worship at 11 a.m. and 7.30 p.m., conducted by Dr. Jackson, of Edmonton.

Sunday School at 10 a.m.  
The Sacrament of the Lord's Supper will be dispensed at the morning hour of worship. There will be no preparatory service in connection with this communion season, nor will communicants' cards be distributed.

BAPTIST CHURCH.—Mr. Gilbert Thornber, Acting Pastor.  
Sunday School, 10.30 a.m. Evening Service at 7.30, Song Service, 7.20. Wednesday, 8 p.m., Weekly Prayer Meeting.

SALVATION ARMY.—Brigadier A. Layman, Divisional Commander for the Southern B. C. Division, will conduct the services here next Sunday, July 4th. L.O.L. church parade at 11 a.m. in the Wesley Hall. Sunday evening service at 7.30 p.m. A hearty welcome is extended to all. Come along; fill the hall.

## GLENMORE

News arrived recently from Langford, B.C., telling of rejoicing in the home of Mr. and Mrs. E. LeQueune, Miss C. Ritchie, over the birth of a fine baby boy. The happy parents are well known here and in Kelowna.

Mr. Allan Wallace, who spent the past two weeks here, left on Saturday morning for his home in Calgary.

Mr. Isaac Kerr left on Friday morning's boat for Vernon.

The Council meeting is being held on Wednesday evening instead of Thursday, owing to July 1st falling on that day.

Fire blight is showing up in some of the orchards a little, and now is the time to cut it out.

There was a meeting of the Water Trustees on Thursday, the 24th inst. The principal item of business was the consideration of the Government's offer of permanent relief, under which, in settling our tax rate, it would not be necessary to provide for delinquents the Government relieving the District of all taxes accrued on lands reverting to the District at Tax Sales. In other words, the failure of any number of users to pay their taxes would not necessitate the imposition of one cent higher rate on the remainder. In order to take advantage of this offer, the Government requires that we consent to the withdrawal of the moratorium granted last year. After giving the matter the fullest consideration, the Trustees unanimously agreed to the withdrawal of the moratorium on condition that the Government grant the District permanent relief along the above lines.

The Manager reported that the water would last until the middle of August.

B.C. is to have its own series of educational travel pictures, which will be shown in all the motion picture theatres of the province. These views are being taken by operators employed by the Provincial Government and cover not only points of scenic beauty, but also the industrial enterprises carried on in the province.

Bishop (on a visit to Sunday School)  
—"In Africa there are great tracts of  
land in which there are tens of thou-  
sands of little boys who run around  
without any shoes, and have no Sunday  
School to go to. So what should we  
save up money for?"  
Children (in chorus)—"To go to  
Africa, Sir!"

## THE KELOWNA COURIER

AND  
Okanagan Orchardist.

Owned and Edited by  
G. C. ROSE.

## SUBSCRIPTION RATES

To any address in the British Empire  
\$2.50 per year. To the United  
States and other foreign countries,  
\$3.00 per year.  
The COURIER does not necessarily  
endorse the sentiments of any con-  
tributed article.  
To ensure acceptance, all manuscript  
should be legibly written on one  
side of the paper only. Typewritten  
copy is preferred.  
Letters to the editor, will not be ac-  
cepted for publication over a "nom-  
de plume"; the writer's correct name  
must be appended.

Contributed matter received after  
Tuesday night will not be published  
until the following week.

## ADVERTISING RATES

Contract advertisers will please note  
that their contract calls for delivery  
of all changes of advertisement to  
The Courier Office by Monday night.  
This rule is in the mutual interests  
of patrons and publisher, to avoid  
congestion on Wednesday and Thurs-  
day and consequent night work, and  
to facilitate publication of The Cour-  
ier on time. Changes of contract ad-  
vertisements will be accepted on  
Tuesday as an accommodation to an  
advertiser confronted with an emer-  
gency, but on no account on Wed-  
nesday for the following day's issue.

Classified Advertisements—Such as  
For Sale, Lost, Found, Wanted,  
etc., under heading "Wanted,"  
First insertion 15 cents per line;  
each additional insertion, without  
change of matter, 10 cents per line.  
Minimum charge per week, 30  
cents. Count five words to line.  
Each initial and group of not more  
than five figures counts as a word.  
Filing fee for box numbers, c/o  
The Courier, if desired, 10 cents  
extra.

Transient and Contract Advertis-  
ments—Rates quoted on application.  
Legal and Municipal Advertising—  
First insertion, 15 cents per line,  
each subsequent insertion, 10 cents  
per line.

It so desired, advertisers may have  
replies addressed to a box number  
of The Courier, and forwarded to  
their private address, or delivered  
on call at office. For this service, add  
10 cents to cover postage or filing.

THURSDAY, JULY 1st, 1926

hes, Olive Charman, Douglas Hub-  
bard, Margaret Bennett, Ronald Dun-  
gate, Marybelle Ryan, Guy Fisher,  
Tom Tomiy.

## From Grade 1b to Grade 1

Davis Chapman, Victor Jarvis, Bet-  
ty Patterson, Arthur Klatt, Hilda Bok-  
lage, Stephen Lock, Jeanette Bouchard.

## WRITING CERTIFICATES

Certificates for proficiency in writing  
were granted the following:

Grade 8.—Principal C. W. Lees.  
Number in class, 32; submitted, 25;  
certificates granted, 16. Hilda Andrews,  
Charles Buckland, Mary Cather, Leslie  
Clement, Muriel Day, Lillian Elliott,  
Rudolph Guidi, Bertha Harvey, Sidney  
Hill, Frances Lewers, Mildred Lloyd,  
Jones, Dorothy Maxwell,  
Oakes, George Reed, Nellie Ryder,  
Betty Sutton.

Grade 8.—Miss Glaser. Number in  
class, 37; submitted, 25; certificates  
granted, 10. Clara Guidi, Florence Mc-  
Carthy, Harold Murray, Ivan Murray,  
Leora Rouse, Fred Taggart, Reginald  
Thomas, Stuart Webster, Eunice Wil-  
son, Tsugi Yoshimura.

Grade 7.—Miss M. Williams. Num-  
ber in class, 35; submitted, 28; certi-

icates granted, 26. Marion Hamilton,  
Reena Ryan, Isabel Weeden, Eva Jen-  
kins, Ormond Perkins, Evelyn McDon-  
ald, Dick Matthews, Myrtle Barber,  
Fred Burr, Doris Leathley, Yvonne  
Reed, Phyllis Cook, Marion Williams,  
Grace Watt, Wilbert Burnham, Tom  
Pearson, Laura Liffa, Constance  
Ward, Constance Spall, Hilda Stubbs,  
Peter Ritchie, Edith Sloan, Henry As-  
hley, Billy Cross, Kathleen Mabey, Ian  
Macfarlane.

Grade VI.—Miss B. T. Ball. Number  
in class, 41; submitted, 30; certificates  
granted, 25. Margaret Aitken, Alice  
Ashley, Norah Benson, Joyce Chap-  
man, Eileen Conway, Patsy Crichton,  
Dorothy Dawson, Gordon Jenkins, Bar-  
bara Emslie, Jean Gordon, Elizabeth  
Hartwick, Eunice Hayman, Mabel Jen-  
kins, Melville Marshall, Eileen McDon-  
ald, Gertrude Macdonald, Doris Parker,

Lock.

There had been a large porch party  
and the guest book was passed around  
for signatures. Sonny walked up to  
the guest of honour and said: "I know  
why mother asked you to write in that  
book. It's so if she misses anything,  
she can look in there and see who was  
here last."

Flapper—Should I marry a man who  
lies to me?  
Fortune Teller—Lady, do you want  
to be an old maid?

Ladies' white canvas Oxfords or Straps,  
crepe sole, July Price, per pair ..... **\$1.35**

## MOIRE RIBBON MAKES SMART TRIMMING FOR CREPE COMBINATION

By Marie Belmont

Sheer white crepe is no new medium  
for summer underthings, but sheer  
white crepe combined with narrow  
grograin ribbon bindings is decidedly  
new.

The combination above exploits this  
treatment, featuring a scalloped line at  
the lower edge and an unusual wheel  
motif at the side, made of bands of  
grograin, flatly applied.

For a smart pastel combination, pale  
green grograin might be used on  
cream crepe.

The staff of the Dominion Forestry  
farm at Sutherland, Sask., has been  
busy shipping baby trees destined to  
become pleasant groves of shelter in  
nearly 3,000 places in the Prairie pro-  
vinces. The demand for this free service  
afforded by the Department of Agricul-  
ture fluctuates with the years, according  
to farming conditions and settlers' movements.

Up to the fall of 1925 the  
Sutherland station had shipped, since  
its inception, over 17,000,000 trees. For  
1924 the total was 2,000,500, while in  
1925 it was about the same number.  
This year 3,355,000 were shipped.

## A BARGAIN

SIX ROOM BUNGALOW ON STRATHCONA AVE.

She—How can I possibly go to the dance when I haven't a thing to wear?  
He—Well, I could get a closed car.

## Local and Personal

Mrs. H. Audison left on Tuesday for the Coast.

Mr. Chester Owen returned from the Coast last Thursday.

Mr. W. Morris, of Revelstoke, is registered at the Palace.

A large cherry pack is being put up at the Rutland cannery.

Mr. and Mrs. J. Craven, of Salmon Arm, are at the Lakeview.

Mr. W. H. Lawson, of Victoria, is registered at the Lakeview.

Miss M. E. Beavis left for her home at Summerland on Saturday.

Mayor D. W. Sutherland returned on Friday morning from the Coast.

Mr. and Mrs. H. Laws and children, of Vernon, are staying at the Palace.

Miss Frances Treadgold returned by Monday's boat from Penhold, Alta.

The Girl Guides left on Tuesday morning for their camp at Dixon's Flat.

Mr. J. E. Reckie returned home on Monday from a trip to Vancouver and Victoria.

Miss L. J. Ford left on Saturday by car for the Coast, travelling by way of Princeton.

Mr. George Sutherland, son of Mr. and Mrs. J. Sutherland, left on Sunday for Vancouver.

Miss H. B. Conn, of Saskatoon, who was a guest at the Lakeview, left on Tuesday for Vernon.

Mrs. R. S. Moe caught four large trout in Okanagan Lake on Sunday, using a Victoria bait.

Water St. from Bernard Avenue to the C.P.R. track has received a surfacing of oil and gravel.

Mr. D. L. Howard, Superintendent of C.P.R. telegraphs, Vancouver, paid a visit to the city on Tuesday.

Mrs. B. E. Shayler and Mr. and Mrs. John Mallett and children left on Tuesday morning for the Coast.

In a letter to a friend in Kelowna, Mr. Grote Stirling, M.P., states that he expects to return home next week.

Miss Ruby Glaser left on Tuesday for Vancouver, where she will spend the summer vacation with her parents.

Mr. and Mrs. W. G. Fowler and Miss K. Custance, of Vancouver, who were staying at the Palace, left for home on Monday.

Mrs. W. E. Adams, accompanied by her mother, Mrs. H. H. Miller, who recently arrived here from Ontario, left on Wednesday for Portland, Ore.

A newly painted sign showing the motor roads in the vicinity of the city has been placed outside of the office of Mr. W. M. Crawford, Tourist Agent.

Mrs. A. K. Stuart, of Hope, who was visiting her brother and sister-in-law, Mr. and Mrs. A. K. Stuart, left on Saturday to visit relatives at Armstrong.

By special request, Mrs. A. J. Pritchard, L.R.A.M., A.R.C.M., officiated at the dedication of the new organ in the Anglican Church at Armstrong, on Thursday last.

Shipments of mixed cars of vegetables, mostly beets, early cabbage, potatoes, carrots and early onions, commenced to leave this district for prairie points this week.

Mr. and Mrs. C. W. Lees, accompanied by Miss M. I. Renwick and Miss M. V. Wood, of the teaching staff of the Public School, left on Sunday on a short trip by car to the Coast.

Mrs. Wilnot, Matron of the Kelowna Hospital, accompanied by her son and Miss Ootmar, of the nursing staff, left on Sunday for a vacation at the Coast, travelling by motor car.

Mr. George Chaplin has purchased Mr. H. V. Dawson's residence on Water St., and Mr. Arthur Jarvis has bought Mr. F. Powick's house on St. Paul St. The sales were made by Messrs. Wilkinson & Paret.

Miss Vivian Jones and Miss Nellie Jones left on Monday for Vancouver, leaving that port yesterday on R.M.S. "Aorangi," bound for Honolulu. They will return home some time in August by way of Los Angeles.

Mr. W. O'Neill, Manager of the Kelowna Growers' Exchange, accompanied by Mr. J. H. Thompson, Field Supervisor for the Soldier Settlement Board, left on Saturday on a holiday trip to Skagway and other Alaskan points.

Miss McNaughton, Principal of the High School, has been selected by the Department of Education as one of the examiners at Victoria for the High School examinations, and has gone to the capital to attend to the duties of the position.

Mr. F. A. Martin has been appointed Assistant Liquor Vendor here, in succession to the late Mr. S. Gray, and will commence his duties on July 2nd. It is understood that there were over fifty applications for the post. Ex-service men are gratified that a veteran has received the appointment.

On Friday evening a large number of young ladies assembled at the residence of Mrs. W. C. Duggan, Manhattan Beach, and presented Miss M. E. Beavis with a miscellaneous shower of useful and ornamental gifts on the eve of her approaching marriage. A very pleasant evening was spent in playing games afterwards.

The ladies of the I.O.D.E. who sold roses on Alexandra Day, last Saturday, are well pleased with the results of their efforts, having cleared the sum of \$140 for the benefit of the Kelowna General Hospital. They conducted a very energetic canvass on the streets of the city from early in the morning till late in the evening.

Goddard's Auction & Realty Co. report greatly increased interest in the possibilities of the Kelowna district by home-seekers, who are arriving from various points by car and are spying out the land. Most of them are delighted with what they see of the country and its manifest fertility, and several deals are pending, of which further particulars will be given later.

The date of the visit of the Coldstream Guards Band to Kelowna has now been fixed definitely for Wednesday, August 11th, the first day of the Regatta. The Empress Theatre has been engaged for that evening as an insurance against bad weather, but it is possible that the evening concert will be given out of doors at the Recreation Ground, in the City Park. Details have yet to be arranged, but the public will be fully advised as to the time and place of the concert later on. It is expected that the band will play at the Aquatic Pavilion during the afternoon. The event is being very widely advertised, and a large attendance from outside points is looked for as well as a big turn-out of local people.

As the result of an inspection trip last Friday and Saturday at farms at the Okanagan Valley, Mr. G. R. Binge, of the Kelowna Fish and Game Protective Association, reports that the crops and roads were never better. Wheat was being cut along the Vernon road, north of Osoyoos. A visitor from the prairies, one of a party of four new settlers accompanying Mr. Goddard, stated that the wheat was better than any he had seen in the prairie. About 280 miles were covered on the trip, with which the newcomers were delighted, declaring that they had never seen such fertile valleys in the interior of British Columbia and that prospective settlers should travel by auto in order to obtain a proper idea of the Okanagan, which could not be gained by what was to be seen from boat and train.

Friday was the hottest day of the summer so far. The official maximum reading reported by Mr. G. R. Binge, local observer, was 92 in the shade. Unofficial readings at country points showed temperatures running over the 100 mark, but the wide variations between two instruments situated close together and under similar conditions showed in many cases that they had not been properly tested or adjusted, or had been exposed to the sun for a part of the day. The official thermometer is located in a properly constructed box isolated from any building whose radiated heat might affect it, shaded from the sun but exposed to a free circulation of air through the method of construction of its container, so that the true temperature of the atmosphere is recorded instead of the direct heat of the sun.

Mr. Wilbert A. Clemens, Director of the Pacific Coast Biological Station, Nanaimo, has written the Secretary of the Kelowna Fish and Game Protective Association asking that the members of that organization forward him specimens of all the various kinds of trout to be found in Okanagan waters in order to help in making a close study of the identity and relationship of the different species to be found in B.C. The Biological Station will send a supply of formalin to those members of the association who are willing to assist in this work, so that the fish forwarded to Nanaimo can reach there in proper condition. Specimens of Kamloops, Rainbow and Steelhead trout, particularly desired, and some of Cutthroat and Dolly Varden will also be welcomed by Professor J. H. Dymond, of the Biological Board of Canada, who is making a special study this summer of all specimens reaching the Nanaimo station.

Among local anglers who were successful during the past week were Messrs. H. Kennedy, J. Ward and M. Paige, who had a pleasant week-end outing at Monashee Lake, where they landed seventeen Kamloops trout, using a small Victoria. They report the road to this lake passable but in poor condition. Messrs. R. Turner, C. Chambers and J. Chambers, Sr., who fished at the Belgo dam, soon got their limit, using a small spinner, and Mr. O. Jennings and party also did well there. The fly fishing at that locality is, however, poor at the present time. Mr. W. Moy, of Wallachin, landed several large trout, casting off the rocks at Long Lake, and those who fished on Okanagan Lake did fairly well on the whole. Mr. C. Fatten, catching a thirteen pounder, Mr. M. A. Alsager, four large ones, and Mr. Ray Wedge of Rutland, also meeting with good luck. Those who journeyed to Sugar Lake, Mr. and Mrs. J. B. Spurrier and Rev. Father Carlyle, report the fly fishing at Brenda Falls on the way there splendid just now and that at the lake itself the trout are biting freely. Father Carlyle landed a six-pounder there, using a "mysterious" bait.

Although not much advertised, the "Local Circus" promoted and managed by a number of boys living in the neighbourhood of Cadder Avenue turned out to be an entertainment well worth patronizing. The management went far to show what small boys can accomplish "all on their own." No grown-ups helped them beyond buying tickets, the price for which was modest, being 10 cents for grown-ups and 5 cents for children. The preparations covered the whole of the period since the departure of the A. G. Barnes Circus from Kelowna up to last Saturday, on which day two performances were given, one in the afternoon and the other in the evening, on a vacant lot on which a tent, platform, etc., had been fixed up. The main items were a "lion," a tiger, goats, the "living hairbrush," Siamese twins, horseback riding, and performing rabbits and fowls. There were also acrobats, clowns, dancers, as well as sideshows in the way of ring throwing and the "Wild man from India." Lemonade, ice cream and other delights were to be had at very reasonable prices, and good music was provided by a gramophone. The management consisted of Laurie Scott, Garret Woodford, James Moe, Harry Gahan, Jim Stuart, Francis O'Neill, Jim Hughes and a number of their friends, and it was unanimously decided to send the net proceeds, \$7.50, to the Kelowna General Hospital after the promoters had paid a small dividend to all helpers.

A telegram was received by the City Clerk on Tuesday, advising him that a session of the Railway Commission will be held at Kelowna on Tuesday, July 6th, and asking that arrangements be made for a hall. It has been arranged accordingly for the Board to sit in the Board of Trade Hall at 10 a.m. on that date, and all interested in questions of freight rates or traffic facilities should gather themselves accordingly.

Contrary to rumours that have been in circulation, the contract for construction of the new vessel for the Kelowna-Westbank ferry service has not yet been awarded. An advertisement appeared in the issue of the "B. C. Gazette" of June 24th, calling for tenders for "the construction and delivery in the water at Kelowna, in a satisfactory condition, of a steel hull and engine complete." Tenders will be received by the Minister of Public Works up to noon of Monday, July 19.

Mr. J. Atherton, who was a member of The Courier mechanical staff in 1920 and 1921 and is now residing in Calgary, has been visiting relatives at Penicton and too busy to come up to Kelowna to see the city. He was much surprised and pleased to find the progress made during the years of his absence, and was emphatic in declaring that Kelowna measured up better in beauty of its homes, streets and surroundings and its air of prosperity than any other small city within his knowledge.

A car endeavoured on Thursday night to force its way into the Post Office, with disastrous results to one of the windows, which was struck by the fender and smashed. The car was in the usual way up to the curb, but the clutch refused to release and the vehicle continued across the sidewalk. The damage was covered by insurance. On a charge of driving to the common danger, the driver was arraigned in Police Court the following morning and was assessed a fine of \$5, plus \$2.50 costs.

## OBITUARY

Mr. Jose F. Mitchell

The death occurred at Springdale Farm, K.L.C. Bench, on Thursday, June 24th, of Mr. Jose F. Mitchell, father of Mr. F. L. Mitchell, the manager of that property.

The late Mr. Mitchell, who was seventy-six years of age, was born in Valladolid, Spain, and was of Scottish descent. His father was an engineer engaged in the construction of some of the principal lines of railway in that country. His early life was spent in Spain and he was an accomplished linguist, his knowledge of Southern European tongues being of value to him in after life when a merchant in London, his business connections extending throughout the Peninsula, Italy and other Mediterranean countries.

Coming to Canada with his wife on his retirement, he joined his son, Mr. F. L. Mitchell, in 1914, and spent eleven years in the Columbia Valley before coming to this district a year and eight months ago. He was a man of wide experience of life and his anecdotes of travel were always of great interest to all who met him, while his unfailing courtesy and consideration endeared him to the many friends he made here.

He leaves behind him his widow, an elder son, Mr. Percy Mitchell, an engineer living in London, England, and his younger son, Mr. F. L. Mitchell.

The funeral service was conducted by the Rev. C. E. Davis at Springdale Farm on Saturday afternoon and was largely attended by neighbours and friends, the pallbearers being Mr. M. Heron, Mr. L. W. Makovski, Mr. N. M. Foulkes, Mr. W. R. Barlee, Mr. R. C. Neish and Mr. P. Cookson. Interment was at the Kelowna Cemetery.

## COMPLETE CHANGE IN HOP INDUSTRY

White Labour To Replace Indians Now Employed

By the fall of 1927 British Columbia's hop-growing industry will have undergone a complete change. The acreage will have been doubled and the Indians now employed will have been replaced by white labour, according to an announcement made a few days ago by Hon. E. D. Barrow, Minister of Agriculture.

The Minister explains that for a number of years hop-growing on a commercial scale in this province has been limited to about five hundred acres in the Chilliwack and Agassiz districts. This year, however, an outside concern purchased six hundred acres of the bed of what was formerly Sumas Lake. Already half that acreage is planted, more than 14,000 poles have been erected and several carloads of wire strung on the poles in readiness for training the vines. On the edge of the reclaimed area an additional 180 acres has been planted this year, and this will be increased to 380 acres next spring. This important development testifies to the suitability of the Sumas reclaimed area for this kind of a crop.

Apartment from the money expended in labour, on materials for preparing the land and taking care of the growing crop, 300 to 350 pickers are required for every hundred acres, and although in the first year after planting only a small crop is produced, the fall of 1927 will witness at least one thousand acres in full production and from 3,000 to 3,500 pickers employed.

In deciding to use white labour instead of Indians, the concerns operating the new acreage point out that there will be a new field for those workers in this province who usually go to the prairies at harvest time. The development in this respect alone, therefore, will have an important beneficial effect upon the employment situation.

## POULTRY LICE AND MITES

(Experimental Farms Note)

At this period of the year, vermin, unless controlled, multiply very rapidly. The fowls at the Central Experimental Farm, Ottawa, are treated periodically for lice. Blue ointment, to which two parts of lard has been added, is used to kill the lice and mites. The addition of a little tallow will give more base. This ointment is applied to the skin below the vent and under the wings. Fowls treated in this cheap and effective manner will remain free from

lice for several months unless exposed to further infestation. Blue ointment should not be used on sitting hens until after the hatch. The fumes from the ointment will kill the germ in the egg. These mites get their fill of blood at night and leave the fowl before dawn, to hide in cracks and crevices. The blood red mites, hence the name, red mite. The houses, and sprayed each spring, summer and fall with a spray composed of one part of carbolic and four parts of coal oil. The roosts are painted twice each month during warm weather, with common

crank case oil. The above treatment is very penetrating and plays havoc with the mites.

The cleaning and spraying is done during a sunny forenoon, which allows time for the house to dry thoroughly before evening.

Fresh air and sunlight are wonderful disinfectants for the poultry house and combined with cleanliness are preventative against most of the poultry yard ills. (Exhibition Circular No. 85, "How to Kill the Hen House of Mites," may be had free of charge from the Publications Branch, Department of Agriculture, Ottawa.)

A good spray pump should be part of every poultry keeper's equipment.

GODDARDS FOR "SERVICE AND SYSTEM"

Mr. R. D. McCaw, Topographical Surveyor for the Department of Lands, is conducting a topographical survey of the country adjacent to Mabel and Sugar Lakes.

The camp at Okanagan Landing, to be held under the management of the North Okanagan Religious Council, will be open on June 29th and continue till July 6th.

### \*\*\*\*\* TWENTY YEARS AGO (From the files of "The Kelowna Courier") \*\*\*\*\*

Thursday, June 28, 1906

"Mr. D. E. Gellatly picked the first ripe tomatoes of the season on Saturday. He will have quantities to ship within a few days."

"Mr. J. N. Cameron has bought the blacksmith business conducted by Rice & McClure, and will run it from July 3rd under the name of the Kelowna Carriage Works."

"Old time residents of the district will be pleased to learn that Rev. Dr. Charles Scadding, son of Mr. H. S. Scadding, lately C.P.R. agent here, has been elected Protestant Episcopal Bishop of Oregon. Dr. Scadding has been in La Grange, Illinois, for the last ten years. He resided in this valley for a short time to benefit his health."

"The s.s. 'Kelowna' had a narrow escape from destruction on Tuesday. While steaming into port, in some way fire broke out in the after part of the pilot house, and before it could be extinguished it had scorched the inside of the cabin and burned a small hole in the floor. The damage done was not great, but it was dangerously near disaster."

"The continued wet weather seems to have affected the Coast strawberry crop, which was also much damaged by late frosts. Here, so few strawberries are grown that the supply is always insufficient. It is not likely that the acreage under small fruit will be much increased until a cannery is assured, to take the surplus in years of over-production."

"While coming to Kelowna on Tuesday of last week, Crawford Bros. traction engine went over the bank on the steep hill near Casorso's and was considerably damaged, the front axle being bent and the front boiler support broken. The attendants escaped injury. Crawford Bros. immediately got their other traction engine and brought it to town on the same evening. They are now engaged in saving lumber for the Kelowna Saw Mill Co., pending the arrival of machinery for the latter."

"The Knights of Pythias at their last meeting elected the following officers for the ensuing term: C.C. Neil Thompson; V.C., Dr. B. F. Boyce; K. of R. and S., W. F. Armstrong; M. of F., D. Lloyd-Jones; M. of E., H. W. Raymer; Prelate, J. F. Bayntin; W. A. Raymer; I.G., Jas. Doyle; O.G., G. Hunfjord."

"Mr. D. W. Sutherland is trying to rival Mr. Gellatly's reputation for early

produce and showed us a partially ripe tomato of good size on Tuesday."

"Mr. H. C. S. Collett, while playing cricket at Summerland on Tuesday, had the misfortune to injure the ligaments of his right knee, with the result that he will be confined to bed for two weeks."

"The heavy rain of Tuesday night was responsible for a measured fall of one and nine-hundredths inches in twenty-four hours. This is the heaviest yet noted by Mr. F. E. R. Wollaston, meteorological observer, in that interval of time."

"The new band stand in the Park has been completed, and in its present condition is more of an eyesore than an improvement. We learn that only \$57.00 was collected for its construction—a sad reflection on the generosity of our citizens and on their appreciation of the finer things of life. We are informed that a decent-looking band stand, with an artistic roof and flag-staff on top, could have been erected for \$150.00. The present building has been placed out of the available shade of the trees, and on a hot afternoon performers would have a handsome chance to reduce their audience. To save us from the inevitable ridicule which visitors will indulge in, it would be in order to collect some more money and apply it to the addition of a roof of some kind; or, as cheapness seems to be favoured, we would humbly suggest that the stand be raised a few feet from the ground so that the players can sit underneath it!"

"Mr. W. Haug has gone into the manufacture of cement blocks, and has erected a factory 74 x 25 feet, which he will probably enlarge in the near future. He is now turning out blocks of all sizes, which will be fit for building purposes in about thirty days. To secure proper hardening, the blocks are sprayed daily with water and kept out of the sun. A well has been driven in the building, and such a strong flow of water was struck at 35 feet depth that it rose to the surface and overflowed. The water is of excellent quality and fit for domestic use, and is piped to an overhead tank holding 10 barrels, which affords a storage supply for spraying the blocks by gravity without attention from the workmen."

A \$5,000 issue of 5 per cent debentures to provide fire protection was purchased by G. A. Hankey & Co., of Vernon, at 102, a price which was considered editorially to be "a splendid testimonial to Kelowna's financial strength and credit in the eyes of debenture buyers," especially in view of the fact that a recent issue made by Kamloops fetched 101."

At a meeting of the City Council, it was decided to advertise for applications for the post of City Assessor at the extravagant salary of \$50 per annum. A resolution was passed, author-

### REPORT ON CROP AND WEATHER CONDITIONS By Horticultural Branch, Provincial Department of Agriculture

Vernon, B. C. June 26, 1926:  
Vancouver Island and Gulf Islands,  
June 23

The strawberry crop is just about over. The last carload rolled on June 21st inst., making a total of 31 cars for the season. Twenty-nine cars were shipped jointly by the Saanich Fruit Growers' Association and the Gordon Head Fruit Growers' Association and two cars by the Keating Co-operative Fruit Exchange. The last few cars contained a few crates of loganberries, raspberries and cherries.

The pick of loganberries is becoming heavier each day and by the first week of July the harvest will be in full swing. The bulk of the crop will go to the wine companies, with the balance to the canneries and jam factories.

Raspberries are also moving in fair quantities.

Apples are sizing well. Early varieties such as Yellow Transparent and Duchess are maturing rapidly and will be ready for use in the near future. The apple crop will be considerably lighter than 1925.

Pears are also developing well and promise an increase in crop in 1926.

Early varieties of sour cherries such as Early Richmond and Montmorency are pretty well over. Olives are developing nicely.

Sweet cherries such as Bings and Lamberts are developing fast. Royal Annes are being harvested.

Lower Mainland, June 23

Cherries are of good quality and size and are moving freely from Valley points. The light rain over the week-end caused some splitting but not nearly so much damage was done as was anticipated.

Raspberries are now moving in car lots from Mission and Hatzic. The dull weather of the past week has retarded ripening to some extent but from now on there will be steady picking.

Loganberries are ripening rapidly and picking is general in all districts. In some cases the crop is very heavy but the berries are not so large.

Kelowna, June 23  
Tomato and onion crops are making rapid growth. Onion fields are looking much better than a couple of weeks ago. There is every indication of some splendid crops being harvested.

Fruit of all kinds is sizing well. Cherry harvesting is in full swing. Royal Annes and a few Bings are now being picked. It will be about a week before picking of Bings and Lamberts will be general.

Summerland, June 23  
Some very fine samples of cherries are being packed out at present: Royal Annes, Black Tartarians and a few Bings. Bings will move out in volume next week. Black currants are being cleaned up.

Apples and all other tree fruits continue to make good growth. Early apricots may be picked the first week in July.

Tomatoes and other vegetable crops are coming along fine now that the days have become warmer.

Penticton, Oliver and Osoyoos, June 23

All fruit is sizing rapidly, apples are unusually large for this time of year. Sweet cherries are coming in heavily and the sample is very good. The rain has caused some splitting but so far it is not serious.

A few apricots have been shipped from Osoyoos but it will be at least two weeks before there is any volume.

Kootenay and Arrow Lakes, June 22

Strawberries will be at their peak around the 25th, and most of the crop is moving to the jam plants. Raspberries are making excellent growth and a few crates will be ready for the market around June 28th to July 1st. The raspberry crop will be very heavy from present indications.

Governor Wood and Black Tartarian cherries are being shipped, and a few Royal Annes will be moving next week. Bings will be ready by the first week in July. The wet weather has caused some of the Annes and early varieties to split. Lamberts are showing a heavy crop, while the Bings and Annes are only fair.

Apples and pears are making fine growth and the size of the fruit is well advanced for this time of year.

The potato crop is looking good and the acreage planted is larger than that of last year. Haying has been delayed on account of bad weather.

Creston, June 21

Strawberries at Wynndel are about at their peak this week. Carload lots will be doubling up, especially if the weather should turn fair and warm.

Raspberries made their appearance the end of last week, and the recent rains have improved their prospects very much.

Royal Anne cherries and red currants are now on the market. Black currants are showing colour and will be on the market very soon. Bings are colouring fast and will be ready to pick very shortly.

izing the purchase of property as the site for a fire hall.

A Kelowna eleven visited Summerland on June 28th and played a two-innings cricket match there. The scoring was not high, the Kelowna innings producing totals of 55 and 45, as against 36 and 36 for Summerland. The only Kelowna players to reach double figures were A. G. H. Caruthers, 12, A. H. Crichton, 20 and 11, and Thorndeloe, 11. The other members of the Kelowna team included Messrs. Maguire, Hardman, Clemenston, Swift, Lord, Barneby, D'Aeth, W. D. Walker and Collett."

### EFFECT OF BAD EGGS ON CONSUMPTION

Every time the consumer gets a bad egg or an egg of poor quality the consumption of eggs in that consumer's household is apt to be lessened, says the Hon. W. R. Motherwell, Minister of Agriculture, in a statement on the egg industry. He declares that many instances could be cited where customers had been lost and the sale of eggs curtailed on an entire market without the producer realizing why

it has happened. Too often producers are not aware of the many causes that bring about deterioration in eggs. They are inclined to believe that because their eggs are newly gathered they must be fresh and of good quality, forgetting that freshly gathered and freshly laid are not necessarily synonymous, and that stolen nests may contain fresh eggs and badly incubated eggs in the same gathering. Again, the kind of feed given to hens has a great effect on the eggs they produce. Clean feed and clean water result in high grade eggs, while the opposite is true when hens are obliged to pick up their living in the barnyard and drink barnyard water.

The ratepayers of Summerland last week voted almost unanimously to expend the sum of \$30,000 in building a reservoir on Canyon Creek.

## Sweeping Reductions IN FORD PRICES

Coincident with the reduction in the price of Ford cars and trucks in the United States, the Ford Motor Company of Canada, Limited announces the following prices, effective June 19.

In addition to these drastic reductions, all models quoted below, except the truck, are now standard equipped with self-starter and balloon tires.

Model	New Price	Savings
Runabout	\$460	\$50
Touring Car	480	50
Sport Roadster	555	40
Coupe	610	50
Tudor	625	60
Fordor	690	55
Chassis	370	40
Light Delivery	470	60
Light Delivery Van	525	50
Truck, non-starter	395	50
Truck, self-starter	460	65

(Above prices at factory. Freight to point of delivery and sales tax extra)

These reductions are made absolutely without sacrifice to the traditional quality and durability of Ford products. They open the way to car ownership to thousands of Canadians who have not previously been afforded the comfort and economy of personal transportation.

See your local authorized Ford dealer today. He will gladly demonstrate the model you are interested in and explain convenient terms of purchase.

### CRICKET

#### Kelowna Loses To Vernon In First Match For Spencer Cup

Kelowna cricketers are one game down to Vernon in the matches for the Col. Victor Spencer cup, losing their first encounter at Vernon, 153-126. Jack White contributed 80 before being caught by Prowse, but according to the Vernon reports the fielding of the locals was loose, and responsible for several runs. Curtis, with 50, and Rev. H. C. B. Gibson, 43 not out, were high men for Vernon, with Gibson, 3 for 28, and Cullen, 3 for 17, their leading bowlers. Griffith, 15, whose partnership with White was responsible for the Kelowna stand, was the only other local batsman to reach double figures. E. Matthews, with 8 wickets for 52, was the only bowler who had much success with the ball. Lavington Player Sustains Broken Leg

On Sunday, Lavington was the guest of the local club at Athletic Park, the visitors losing a close contest, 126 to 94.

An unfortunate accident, the second of its kind this year—on the same grounds, occurred when Ashman, endeavouring to stop a hard hit drive from Dunlop's bat with his leg, received an injury which resulted in his being carried off the field and removed to the Kelowna General Hospital. Following an X-ray examination, it was found that the limb was fractured, but enquiry at the hospital elicited the information that the patient, after having the bone set, was resting easily.

### LACROSSE

#### Kelowna Intermediates Play At Kamloops Today

Although Kelowna's next home fixture is not scheduled for Athletic Park until Thursday, July 8th, the usual intermediate team will travel today to Kamloops to engage the Main Line twelve in the July 1st celebration.

Although Kelowna has usually come out on the long end of the score, Kamloops has always fielded a team which, with more practice and competition, would provide a hard contest, but Kelowna's team, as has been the custom, will be composed practically of all younger players. The players selected to make the trip are: Alex. Gordon, Jack Parkinson, R. Parkinson, H. Brown, W. Day, M. Berard, C. McMillan, W. Longley, E. Wilson, E. Raymer, V. Fowler, C. Rowcliffe, R. Cumming, W. Sanders, L. Cook, K. Chaplin.

### ROWING

#### The Preliminary Rowing Regatta

With only another week before the opening regatta, the Kelowna Rowing Club are endeavouring to secure sufficient entries for every event to be staged, so that the public will have an opportunity of looking over the crews to represent the local club in the August regatta. It is hoped to have enough entries in each event so that the races will be close contests, and with sufficient competition to make them interesting.

All interested in rowing should make a point of visiting the Aquatic next Thursday evening, July 8th, on the occasion of this interesting prelude to the big affair in August. The events will commence at 6:30 and will be followed by a dance in the Pavilion, with full orchestra.

On Sunday morning, despite a stiff breeze, several crews were out, using the more sheltered water for the spin, and the new double sculls were also noticed in the water.

#### "Rep" Crew For Regatta At Vancouver

Kelowna's "rep" rowing four left on Tuesday morning via K.V.R. to oppose a selected Vancouver Rowing Club crew at the big N.P.A.A.O. regatta, to be held at Coal Harbour from 1st to 4th July, at which all the crack crews of the Pacific North-West will be represented. The V.R.C. have paid Kelowna oarsmen a great compliment in extending a special invitation to the local crew and staging a feature race for them on such an important occasion, but no doubt they wish to avenge themselves for their defeat in their own waters two years ago.

The Kelowna four consists of D. Loane, stroke; D. Kerr, 3; W. Jolley, 2; R. Cumming, bow. They have been in hard training for some time, and they ought to give a good account of themselves.

The Vancouver Rowing Club will return the visit at the Kelowna Regatta, to be held on August 11th and 12th, and will be accompanied by their President, Col. Victor Spencer, who, it will be remembered, was in attendance at the 1925 Regatta and, in conjunction with Mr. F. W. Peters, generously donated the new double scull lap-streaks.

The rowing events should be exceptionally attractive this year, as they will include, besides Vancouver, entries from Vernon's newly reorganized rowing club and Nelson.

## NET BEING WOVEN ROUND ALLEGED DAUGHTER KILLER

SEATTLE, June 30.—Prosecutor Colvin, who yesterday filed a charge of first degree murder against Wallace Gaines, said last night:

"I have at last obtained missing links of evidence that convince me Gaines killed his daughter."

One of the missing links is the report of Luke S. May, criminologist, that he found blood stains on the clothing of the father. Another is the statement of Louis Stern, a friend of Gaines, to whom the latter went on the night of the killing. This statement is as follows:

"Gaines came to my house the night Sylvia was murdered. He told me to hurry up and for God's sake to give him a drink."

"I said: 'For God's sake, what has happened, Bob?'"

"He said: 'You remember I always told you I'd be master in my house, and that if any one tried to tell me what to do, or where and when to come or go, I'd kill them.'"

"Gaines threw his arms about me and with tears in his eyes exclaimed: 'That's just what has happened.'"

## CALIFORNIA EARTHQUAKE TAKES TOLL OF ONE LIFE

LOS ANGELES, June 30.—Taking one life as its toll, a comparatively light earthquake swept the Southern California coast region on Tuesday, the anniversary of the disastrous shock at Santa Barbara last year. The fatality was due to a chimney toppling over on a boy. The damage in Santa Barbara consisted chiefly of chimneys thrown down, broken windows and temporarily disrupted telephone service.

At the convention of the Canadian Medical Association, held last week at Victoria, Dr. W. D. Keith, of Vancouver, gave some interesting data relative to the prevalence of goitre in this province. Among other things which he pointed out were: that Coast Indians and Japanese are practically free from the disease; that eating sea food reduces goitre; that drinking water from turbulent mountain streams seems to be the main cause of the disease; and that the use of iodine, either by water, food, or air, has the effect of lessening it. Figures quoted by him to prove these contentions showed that the per capita percentage of those suffering from goitre in some of the centres of population are: Victoria and Vancouver, approximately 8.04 per cent; Nanaimo, 14 per cent; Merritt, almost nil; Birkenhead River, nil; Grand Forks, thirty-five per cent; Trail, thirty-two per cent; Greenwood, fifty-four per cent; Pemberton Meadows, eighty per cent; Kamloops, fifteen per cent.

A world record in seeding operations is reported by the Colonization Department of the Canadian National Railways from Spring, Coles, Alberta, where 360 horses, 41 cultivators and 20 seed drills were used simultaneously on a 300-acre farm. This intensive cultivation was the result of a seeding bee organized by farmers in the district to assist a neighbour, Mrs. H. Joiner, whose husband died recently.

T. A. Edison is still hard at work at the age of 79. The case of this famous scientist shows that the road to longevity is paved with good inventions.—Punch.

"I saw you in church last Sunday." "Yes, I am having my car painted. What was the matter with yours?"

An attendant at a certain institution for the deaf and dumb was undergoing a pointless rapid fire inquisition at the hands of a female visitor.

"But how do you summon these poor mutes to church?" she asked, finally, with what was meant to be a pitying glance at the inmates nearby.

"By ringing the dumb bells, madam," retorted the exasperated attendant.

"There are an awful lot of girls who don't want to get married."

"How do you know?" "I've asked them!"

She: "Does bleaching of the hair lead to softening of the brain?" He: "No, but softening of the brain leads to bleaching of the hair."

"What kind of score did that guy make this morning?" asked the first caddy. "The one that you were carrying for?"

The second replied belligerently: "That guy gave me two bucks 'an his score is whatever he says it is."

"I saw you in church last Sunday."

"Yes, I am having my car painted. What was the matter with yours?"

### RECIPES FOR MILK DRINKS

It is universally known that milk, besides being a refreshing drink, is a very valuable food, supplying the necessary elements for growth and health in an easily digestible form. Unfortunately, many adults and some children have a distaste for milk in its natural state. The Dominion Department of Agriculture has just issued a small circular distributed free by its Publications Branch, Ottawa, which gives a number of recipes for milk

drinks to suit any taste. They are easy to prepare, delicious and refreshing. In making them, ordinary household flavouring extracts, spices, juices from fresh or canned fruits, or fruit syrups may be used; soda water may or may not be added. These recipes will be especially valuable in the case of children who have a fancied distaste for milk and for invalids whose food consists mainly of liquids, and who would relish a change in the flavour and appearance of the milk they drink.
